# ZILLION NOVA

India does not lack graduates. India lacks industry-ready, confident, employable professionals.

**Zillion Nova** : is a future-ready talent acceleration platform building globally competitive engineers, technology leaders, and entrepreneurs through industry-integrated education, international internships, and global placement pathways.

A Education Division of **Zillion Link Private Limited**

**INDUSTRY. SKILLS. CAREERS. START-UPS**

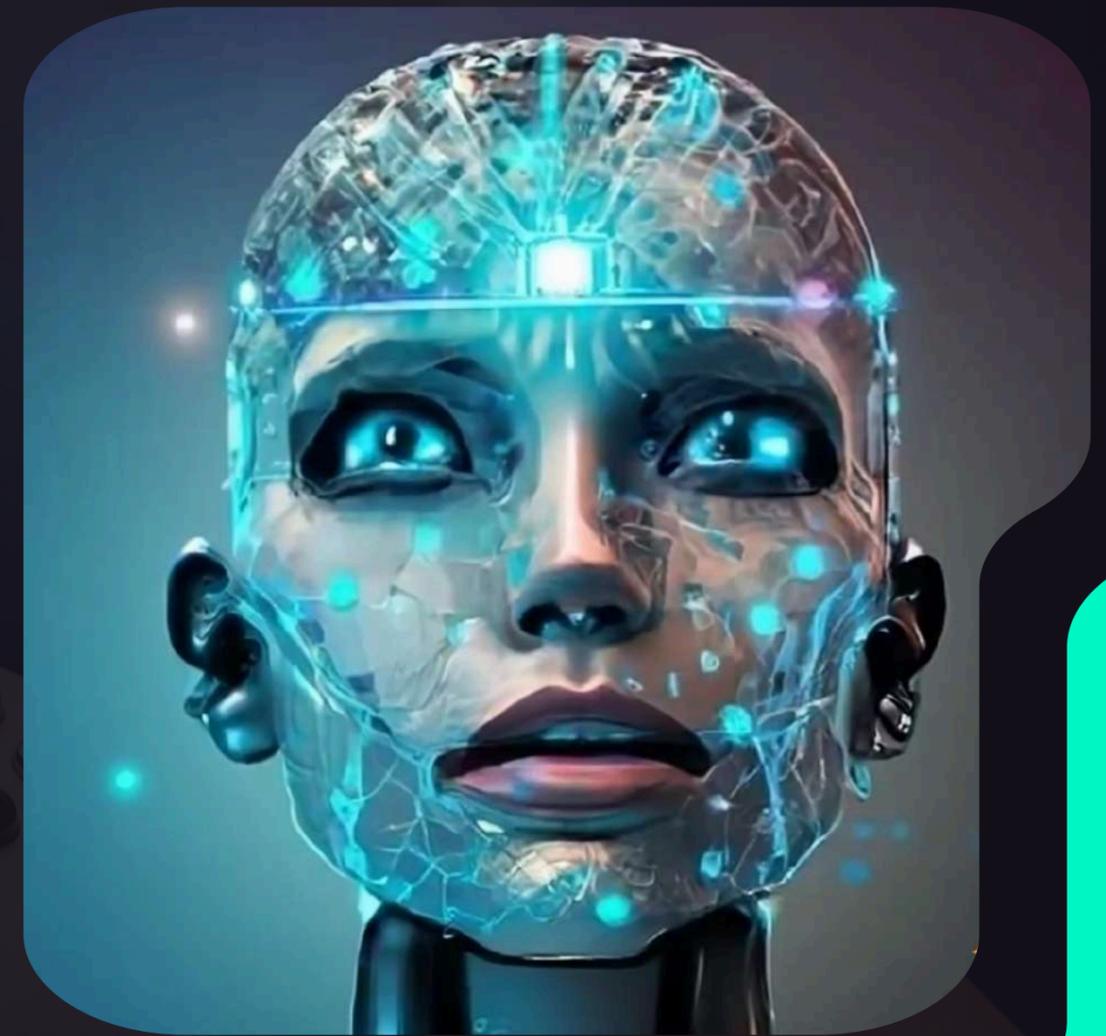

# WHO WE ARE

India's Industry-Integrated Technology & Leadership Institute.

## We specialize in:

- Electronic System Design & Manufacturing (ESDM)
- Semiconductor Technology
- Cyber Security
- Entrepreneurship Development
- HR Leadership
- GenZ Power Pack (Vikasit Bharat Leadership Program )

# THE PROBLEM WE SOLVE

**India Produces Graduates. Industry Needs Skilled Professionals.**

**Gap Exists In:**

- Practical exposure, Industry readiness
- Global employability
- Soft skills & leadership
- Advanced manufacturing knowledge
- Women & rural student inclusion

**👉 Result:** Unemployment + Skill Shortage + Confused young population , Wrong career path.

# OUR INTEGRATED SOLUTION MODEL

Industry-Linked Education Ecosystem

Practical Technology Training

Live Industry Projects

Structured Internships

International Placement Pathways : Germany,  
Singapore, Japan, India

Entrepreneurship Incubation

HR & Leadership Development

Special Focus on Women & Underprivileged Students

*Education + Execution + Employment*

# GLOBAL PLACEMENT ADVANTAGE

## We Enable International Careers

- Germany Manufacturing Sector
- Singapore Tech Ecosystem
- Japan Electronics Industry
- Indian ESDM & Semiconductor Sector

## We prepare students for :

- Technical interviews
- Cultural readiness
- Compliance & documentation
- Skill certification

# WHY PARTNER WITH US

## For Industry

- Ready-to-deploy skilled workforce
- Reduced training cost
- Pre-certified manpower
- Leadership-ready engineers

## For Government / CSR

- Rural women empowerment
- Underprivileged student upliftment
- Skill India alignment
- Employment generation

## For Universities

- Industry-aligned curriculum
- Placement enhancement
- CSR collaboration
- Global exposure

# INCUBATION

"Transforming campuses into innovation-driven ecosystems through world-class Centres of Excellence & Incubation Hubs." "We design and develop Centres of Excellence & Incubation Hubs for engineering colleges and universities – equipping them with cutting-edge infrastructure, industry partnerships, and mentorship to create future-ready talent and innovations."

## LABS WE DEVELOP :

- Electronic System Design & Manufacturing
- Hydrogen Fuel Cell Technology
- Drone , Cyber security
- Semiconductor Proto line and virtual tours
- IOT , AI & Data analytics labs & Robotics
